01

Product idea.

Find new flexibility.

- Multifunctional chair for large venues with modular character
- Maximum design and application possibilities thanks to flexibly attachable additional elements
- Armrests, linking devices and writing tablets can be mounted without any tools
- For time-saving configuration of the chairs, even when stacked
- A panic-proof linking device is also available upon request
- Basic model with blind piece to protect against soiling and vandalism
- Separate storage trolley for armrests and row connections (up to 200 small parts)

A practical modular system.

- Dummy plate
- Row linking device, left/right
- Panic-safe row linking device, left/right
- Armrest, left/right
- Writing tablet for left and right-handed people

Functionality.

Simple handling:

- tool-free insertion until the element engages
- A single movement: to release the connection, push the lever beneath the seat upwards

Functionality.

Simple handling with the panic-safe row linking device:

- with additional steel bolts
- tool-free insertion until the element engages
- To release, push the small lever beneath the seat to the right (on the front)

Everything in place.

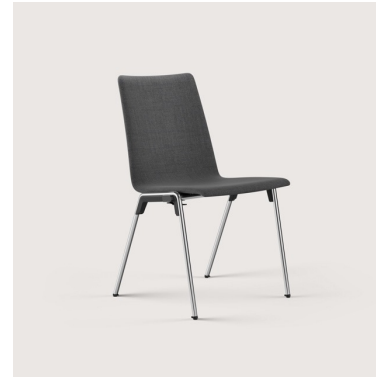

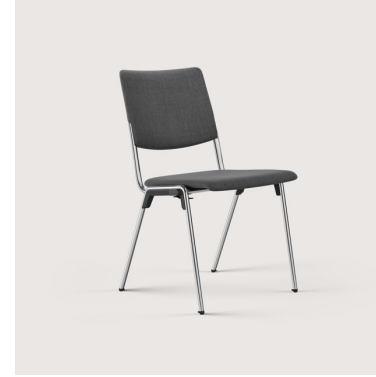

Store up to 200 individual components to save space.

02

In detail.

The complete hero plus flex ensemble.

02

Impressions.

Brunner lives for furniture
that makes new things possible.
