- Slender, dynamic, elegant appearance
- Seamless transition between frame, seat shell and delicate armrests
- Top seating comfort thanks to ergonomic shape
- Movement mechanism integrated in the cast joints encourages “dynamic sitting”
- Conference chair, with optional return mechanism, can rotate, or available as swivel chair variant with open casters

- Versatile range, modular design
- Three different height seat shells can be combined with four different frame types
- The modularity of the range means numerous possible applications, from conference room to restaurant, from elegant to homely
- Streamlined, cushion-like fully upholstered shell with integrated armrest
- High-quality appearance thanks to decorative stitching and all-round piping, optionally also available in a contrasting colour
- Four-legged frame in solid oak wood, sled-base frame in solid steel or five-star base in die-cast aluminium provide a wide range of finishes to design your rooms
- New addition to the series: bar stool in the same, sophisticated design language with low backrest
- Bar stool with skid base or four-legged base in solid oak wood with a filigree footrest of chromed steel
