

public space

public space

- 08 Large spaces**
- 30 Conference and meeting rooms**
- 56 Restaurant**
- 88 Cafeteria**
- 120 Lounge**
- 150 Competencies**

No matter how large
the crowd – every individual
counts. And that's why our
public space furnishings
don't feel mass-produced
either.

Harmonious spaces are essential
for a pleasant ambience where
various different characters come
together. Whether at trade
fairs or in the further education
or hospitality sectors – as far
as we are concerned, feeling at
ease is non-negotiable.

LARGE SPACES

Take note! If you want to impress a large crowd, look no further than our solutions for large spaces. Because even if a room seems to stretch on forever, sitting there is one thing that won't feel long and drawn-out.

CONFERENCE AND MEETING ROOMS

When it comes to conferences, comfortable and well-thought-out seating is an absolute must. Our flexible furniture makes attendees wish their meetings would last a little longer.

RESTAURANT

When the atmosphere is right, an amuse-bouche tastes like a declaration of love. And because great design feels good too, your patrons will be sure to pay you a return visit.

Welcome,
are you sitting
comfortably?

House special.

Hotel furnishings à la carte.

CAFETERIA

Wherever you enjoy your coffee, the furniture should add to your feeling of relaxation. That's why Brunner cafeteria products hit the bullseye not only in terms of looks, but also with that feel-good factor. No more orders to go!

You won't
mind waiting here
some time.

Sometimes the best solution is the most comfortable.

COMPETENCIES

Brunner is best combined with Brunner. That's why each of our range of public space models can be turned into a unique piece in no time – adapted to all the challenges presented by the public space. Would you rather have countless configuration options or a customised design? We'll do all the leg work for you.

NUMERA PLUS

Exhibits greatness even in the tiniest numbers: the numera plus electronic seat display means you can organise your space to the maximum – with minimal power consumption. It can show logos or pictograms as well as text. And can be integrated discreetly into almost all models. So everyone knows where they belong.

PANIC-SAFE ROW AND TABLE LINKING SYSTEMS

Don't panic: our connecting elements transform an elegant individual item into a wonderful whole, while meeting even the most stringent of safety requirements. We offer a range of solutions for tables and chairs, which combine reliable stability with patented safety.

Your unique wish is our command.

STACKABLE

Saves space and reduces costs. As wonderful as our large-space furniture is to look at – sometimes you just need more floor space. To keep your storage costs as low as possible, clever connecting and folding mechanisms ensure your furniture can be stacked efficiently and carefully. For maximum flexibility.

TRANSPORTATION TROLLEYS

Easy to transport, efficient to store. Whether stacked, staggered or rather separated into individual units. Model-specific transport trolleys get every multi-purpose chair and every conference table moving just like that.

FIRE PROTECTION

Fire-free. Our contract furniture complies with statutory fire protection requirements for public buildings – and can even save lives in an emergency. Smart planning and tested materials minimise the risk of fire. Your insurance company will love it.

So that you always find
the right style.
