Our Company

Our Company

Making Furniture Is Our Passion

Brunner is a family-owned company, led by the founders Helena and Rolf Brunner together with their sons Dr Marc Brunner, Philip Brunner and daughter Tina Brunner – which goes to show that the name of Brunner represents the personal responsibility with which we pursue our passion: manufacturing outstanding furniture. Furniture characterized by an optimum degree of ergonomics and comfort, longevity, flexibility and user-friendliness. As your universal partner for high-quality contract furniture, we are continually working on new ideas and innovations – convincing thanks to their improved benefits and fulfilling your individual requirements in terms of functionality and design. Take us up on it.

Please Note

Please refer to our current price list for details, prices and general terms and conditions. Technical amendments, errors and colour discrepancies reserved. Some models are pictured as special versions requiring a surcharge.

Wood is a natural product. For our furniture series, we exclusively use high-quality beech wood from sustainable forestry. Despite careful selection of woods, colour divergencies may occur. Divergencies in colour and structure do not constitute a reason for complaint but rather an expression of the individual touch that characterizes wood furniture. The real wood table top surface for tables with beech wood veneer are made using so-called sliced veneers, which on principle possess a slightly different chromaticity than the solid wood used for the table legs. We therefore recommend selecting table tops, edges and legs in varnished versions.
